The pearl of Egypt's Mediterranean coast, Alexandria was founded by Alexander the Great in 332 BC and grew to become one of the most influential capitals of the ancient world, leading in the arts and sciences. Once governed by Cleopatra, Alexandria was the backdrop for her love affairs with Julius Caesar and Mark Antony. Blessed by cooling sea breezes and white-sand beaches, Alexandria remains one of the Middle East's most iconic cities to visit.

Four Seasons is located in the seaside enclave of San Stefano, often called Alexandria's Riviera – an area which gained renown in the 1960s and '70s as a playground for royals, celebrities, movie stars and café society. With a rich cultural heritage, Alexandria today is Egypt's second largest city, tempting with ancient landmarks, modern sophistication and beachside relaxation.

CITY *EXPLORING*

PLAN A NIGHT AT THE THEATRE

Just ask and we'll book the best seats for a performance at the Sayed Darwish Theatre, also known as the Alexandria Opera House, built in 1918 during the reign of Sultan Fuad I. The calendar features symphony concerts, opera, ballet and modern dance performances. Make it a completely glamorous evening with dinner at a nearby restaurant recommended by our concierge team.

START WITH A CITY TOUR

A guided tour is the best way to get to know the city, given the depth of history and the range of Alexandria's attractions. Marvel at Pompey's Pillar, a Roman column that towers above the ruins of the ancient city. Explore the Catacombs of Kom El Shoqafa, an archaeological site that is the world's largest Roman cemetery. Visit the Roman Amphitheatre and the Citadel of Qaitbay, built on the site of Pharos Lighthouse, known as one of the seven wonders of the ancient world.

VISIT A STUNNING SEASIDE PALACE

Step into a world of 19th-century opulence at the Montaza Palace, with its views of the Mediterranean coastline just east of the city. Set on a rocky hill above a marine gulf, this summer palace is designed in Moorish style with a Florentine twist, and features 61 hectares (150 acres) of royal gardens that are open for strolling.

CHECK OUT A LEGENDARY LIBRARY

Built in the 3rd century BC, the Great Library of Alexandria flourished as a centre for knowledge and education before it was mysteriously destroyed centuries later. In 2002, the library was reborn as Bibliotheca Alexandrina, re-establishing the city's reputation as one of the world's major cultural centres. The complex includes four museums, 15 permanent art galleries and a planetarium.

SURROUND YOURSELF WITH JEWELS

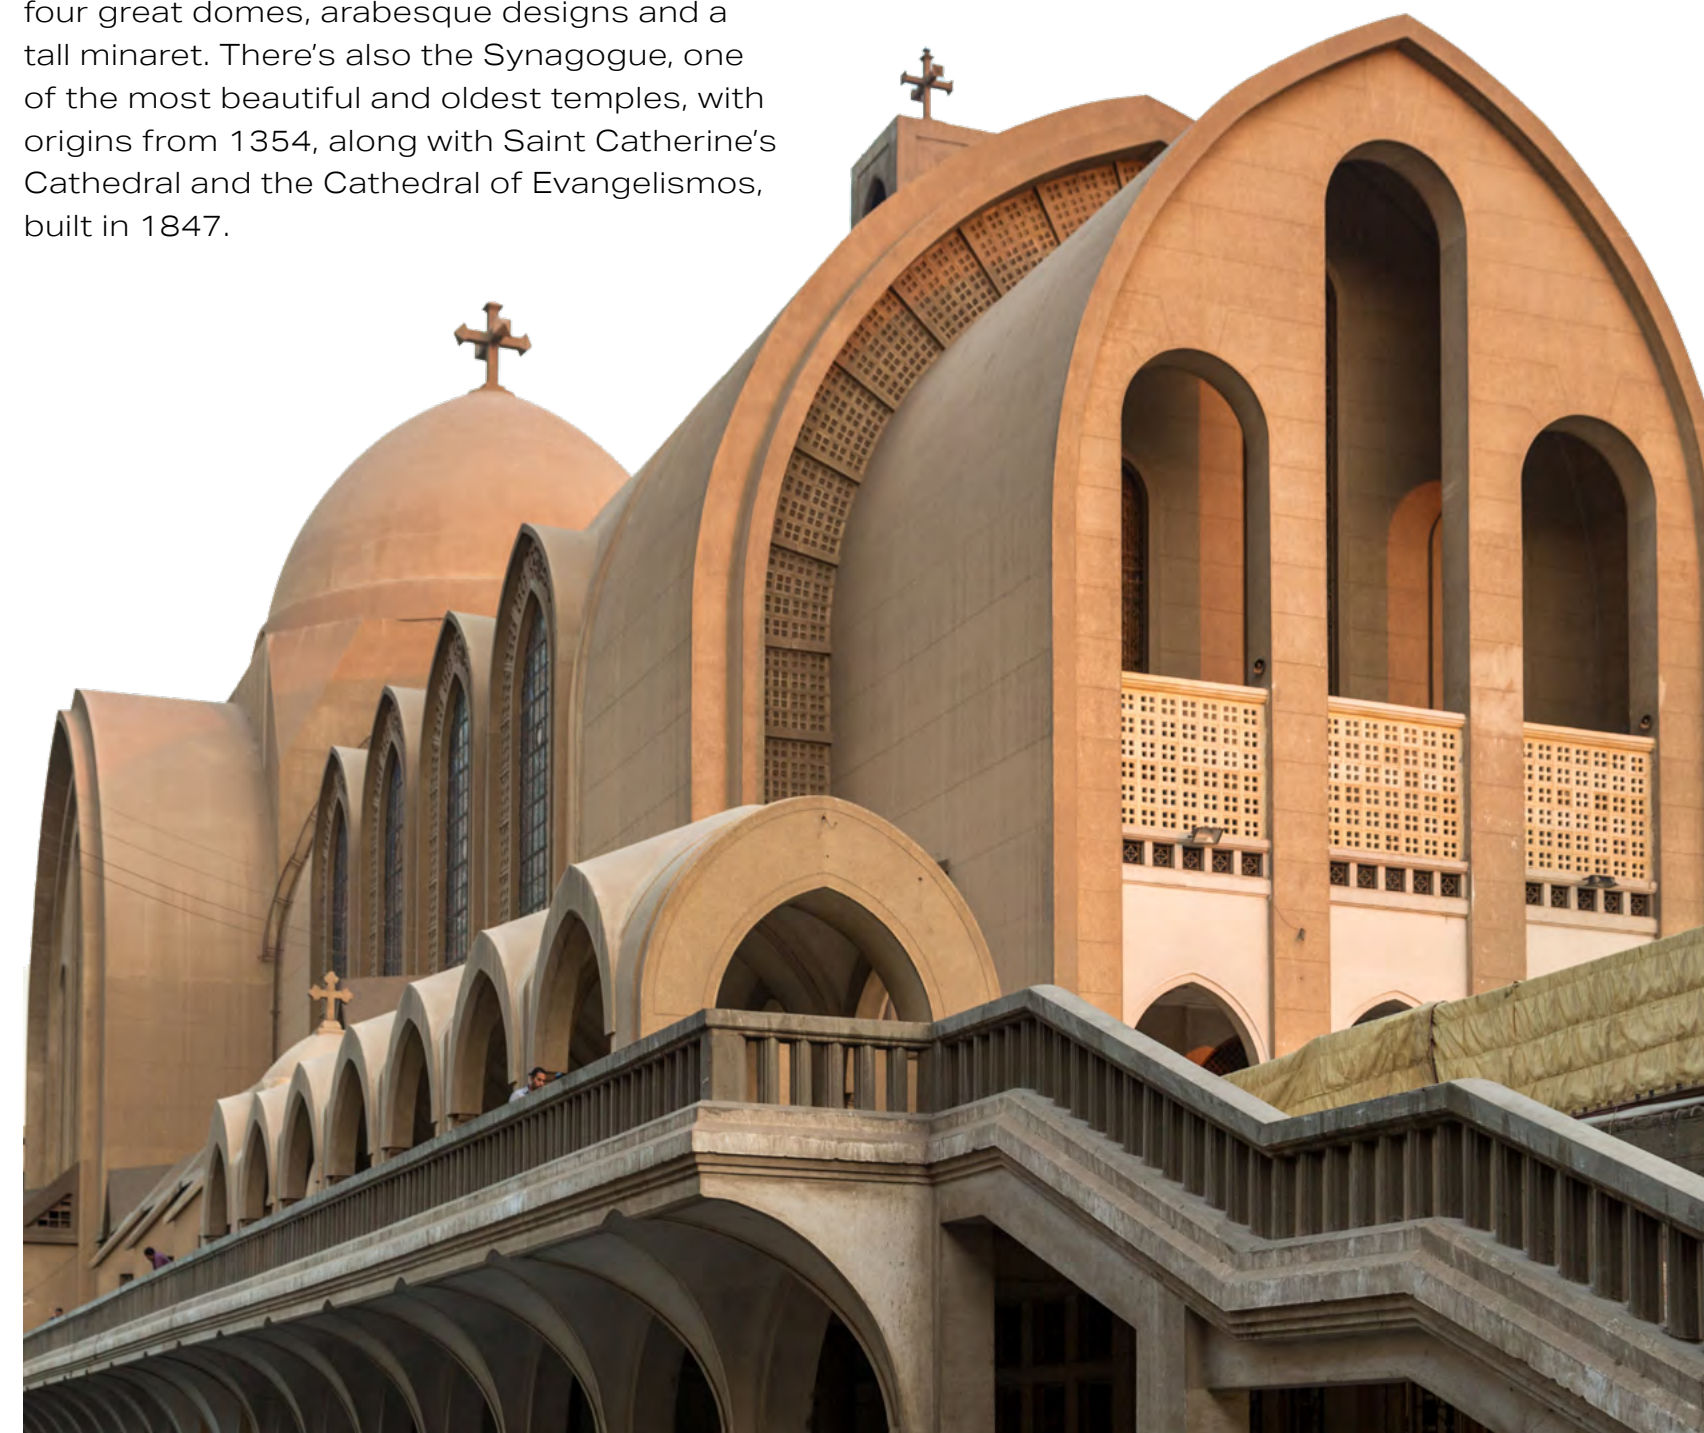

Visit the Royal Jewellery Museum by day – or spend a sparkling private evening in this 19th-century palace. The two floors are filled to the brim with display boxes showcasing every imaginable item of status, luxury and wealth from the personal belongings of King Farouk and the Royal Family. We can arrange for an expert guide to accompany you through diamonds and gold, followed by dinner with live music in the royal gardens.
